let me express myself through daylighting."

# Solatube® Designer Touches

## Now The Choice Is More Than Clear

Solatube International, the innovator in daylighting solutions, now offers a completely new way for you to customise your daylighting experience.

Solatube Designer Touches provide sophisticated design options that empower your artistic expression of daylighting. You can create a daylighting experience that's entirely yours in just four easy steps.

## Introducing Dual Lens Array Technology

The heart of the new system is our new Dual Lens Array technology that combines two lenses to provide complete daylighting customisation. Each lens has been engineered to provide different functions, and work together to create a wide variety of choices for daylight color and diffusion. With Solatube Designer Touches, you'll love the ability to go beyond just brightening dark rooms to completely designing the daylight especially the way you want it.

## Customise your Daylighting Experience in 4 Easy Steps

**1 Choose Your Style**  
With three different trim styles, it's easier than ever to create a look to fit your décor.

**White Trim**  
The standard dress ring comes in the ever-popular low-profile white color to blend with the ceiling.

NEW

**Stainless-Tone Trim**  
The Stainless-Tone Trim is designed to complement metal finishes and is a great choice for modern designs.

NEW

**Frosted Shade**  
The Frosted Shade with White Trim provides a clean contemporary look to any Solatube Daylighting System.

**2 Pick Your Diffuser**  
Choose the Diffuser Lens you want to fill your room with bright sunlight.

**Vusion™ Diffuser**  
The fresh design harmonises with most décors, and provides the radiance of natural light.

**Optiview® Diffuser**  
Considered the ultimate in diffuser design, the Optiview Diffuser uses a Fresnel lens to deliver crystal clear daylight and a unique view of the sky.

**3 Select Your Effect**  
Use an Effect Lens to design your own daylighting experience.

**4 Add More Function**  
Take daylighting to the next level by upgrading your Solatube Daylighting System to include lighting, dimming, and ventilation.

**Light Add-On Kit**  
Switch on the light when the sun goes down.

**Ventilation Add-On Kit**  
Perfect for bathrooms and areas requiring ventilation.

NEW

**Daylight Dimmer™**  
Completely control the amount of sunlight with the flip of a switch.
